ENHANCED AIR QUALITY*

EXPERIENCE FRESH AIR IN ABUNDANCE

Stock image for representative purpose only

Welcome to Godrej Air where one can breathe in pure air while living the holistic life at the same time. The air quality within Godrej Air is well elevated than the rest of Delhi and the Air Quality Index (AQI) is a testament to that. So go ahead, take a deep breath without having to think twice.

Air Quality Index (AQI) Value	0-50	51-100	101-150	151-200	201-300	301-500
Levels of Health Concern	Good	Moderate	Unhealthy for Sensitive Groups	Unhealthy	Very Unhealthy	Hazardous

*Enhanced Air Quality benefit is as per Air Quality Index (AQI) survey done on site under controlled conditions by the developer — The AQI measured reflects the pm 2.5 concentration.

A REVOLUTIONARY AIR PURIFICATION SYSTEM IS HERE - **CTFA**

Presenting a cutting-edge air purifying system – Centrally Treated Fresh Air or (CTFA) at Godrej Air. A simple and highly effective technology, it purifies air with complete ease and gives you a home that is fresh, clean and pollutant free.

In simple terms, CTFA is a centralized air purification system which runs through the entire home and is well hidden from view. It does its job silently while producing exceptional results. It helps remove stale air, controls carbon dioxide and eliminates harmful germs up to PM 2.5. A unique thing is that it traps harmful bacteria and doesn't allow them to breed again.

This makes the room's natural freshness last longer which in turn helps keep you and your loved ones lead a healthier life.
